

Alpha  
Flooring

the world at your feet

Alpha Flooring is an independent, family-run flooring company based in Berkshire.

The company offers a supply and installation service from a full portfolio of flooring products. We provide and fit carpet, wood, laminate and vinyl for both commercial and domestic clients.

We cover a wide range of industries including: national building companies / independent developers / private homes / schools / nursing homes / hotels and leisure centres.

Alpha Flooring was established in 1999 and is headed up by Matthew Tavinor. As a professional, family-run business, we are proud to offer a personal service to clients and are well regarded within the flooring industry. 80 per cent of our business comes via personal recommendation and through ongoing work from current clients.

#### Services

Our services include:

- Floor preparation and advice on suitable products
- Measuring, planning and estimating, Risk Assessment, COSHH and Method Statements
- Installation programme to include management and quality control

We have a strong focus on customer service, from the initial quote, to the fitting and finishing of the products. There is a wide range of flooring samples available, which can be taken to clients for them to see in situ. Clients are assured of the highest standard of service at a competitive price.

We understand each client's needs and offer a flexible service, working with the client and other involved parties to a given time scale. Our 'hands-on' approach, with regular site visits, ensures that work is carried out to each client's requirements. Our team is highly motivated and committed to providing a faultless job.
